BIRMINGHAM, Ala.

HEALTHSOUTH Corporation today announced that it had received a subpoena from the United States Attorney's Office for the Northern District of Alabama seeking production of various documents in connection with an investigation. While the company has not been advised of the nature or scope of the investigation, the types of documents requested suggest that the investigation may focus on transactions by individuals in HEALTHSOUTH common stock. Many of the documents requested have already been voluntarily provided by the company to the Securities and Exchange Commission. The company expects to fully cooperate with the investigation, just as it has cooperated with the previous request from the SEC.

"As we have said before, we do not believe that HEALTHSOUTH or anyone associated with HEALTHSOUTH has done anything wrong. We have cooperated with all requests for information from government authorities, and we will continue to do so," said Richard M. Scrushy, Chairman of the Board and Chief Executive Officer of HEALTHSOUTH.

The company cannot now predict the course or outcome of the investigation or whether additional information will be sought.

HEALTHSOUTH is the nation's largest provider of outpatient surgery, diagnostic imaging and rehabilitative healthcare services, with approximately 1,800 locations in all 50 states, the United Kingdom, Australia, Puerto Rico, Saudi Arabia and Canada.
