Adjusted EBITDA	\$ 236.3	\$ 218.0	\$ 18.3	8.4 %

- **Revenue** - Inpatient revenue growth resulted from increased volumes and pricing. Total discharge growth for the fourth quarter of 2021 was 9.6% with same-store growth of 6.0%. Revenue reserves related to bad debt as a percent of revenue increased 10 basis points, primarily attributable to a shift in payor mix.

Growth in net patient revenue per discharge of 1.2% primarily resulted from an increase in reimbursement rates, partially offset by payor mix (faster growth in Managed Care and Medicare Advantage).

The increase in outpatient and other revenue included an increase of \$9.7 million in provider tax revenues (offset by an increase of approximately \$4.7 million in provider tax expense included in other operating expenses).

- **Adjusted EBITDA** - The 8.4% increase in Adjusted EBITDA in the fourth quarter of 2021 primarily resulted from revenue growth. Higher compensation costs were partially offset by improved operating leverage in hospital operating expenses.

Announced spin off of the home health and hospice business

On January 19, 2022, the Company announced its intention to spin off its home health and hospice business to form an independent, publicly traded company (the "HH&H Business") and to rebrand the HH&H Business as Enhabit Home Health & Hospice. The spin-off, which is expected to be tax-free to Encompass Health's shareholders, will result in Encompass Health shareholders owning stock in both companies. The Company intends to consummate the spin-off in the first half of 2022, subject to various conditions, including the effectiveness of a Form 10 registration statement, regulatory approvals and receipt of a favorable IRS private letter ruling. Additional information regarding the spin-off is provided in the supplemental slides accompanying this release.

2022 guidance

The Company provided the following guidance for full-year 2022.

Guidance is not inclusive of any costs incurred in 2022 related to the preparations for the planned spin-off of Enhabit Home Health & Hospice including rebranding, professional fees, or personnel additions specifically required for an independent public company.

Other information

The information in this press release is summarized and should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2021 (the "2021 Form 10-K"), when filed, as well as the Company's Current Report on Form 8-K filed on February 1, 2022 (the "Q4 Earnings Form 8-K"), to which this press release is attached as Exhibit 99.1. In addition, the Company will post supplemental information today on its website at <http://investor.encompasshealth.com> for reference during its February 2, 2022 earnings call.

The financial data contained in the press release and supplemental information include non-GAAP financial measures, including the Company's adjusted earnings per share, leverage ratio, Adjusted EBITDA, and adjusted free cash flow. Reconciliations to their most comparable GAAP measure, except with regard to non-GAAP guidance, are included below or in the Q4 Earnings Form 8-K. Readers are encouraged to review the "Note Regarding Presentation of Non-GAAP Financial Measures" included in the Q4 Earnings Form 8-K which provides further explanation and disclosure regarding the Company's use of these non-GAAP financial measures.

Excluding net operating revenues, the Company does not provide guidance on a GAAP basis because it is unable to predict, with reasonable certainty, the future impact of items that are deemed to be outside the control of the Company or otherwise not indicative of its ongoing operating performance. Such items include government, class action, and related settlements; professional fees—accounting, tax, and legal; mark-to-market adjustments for stock appreciation rights; gains or losses related to hedging instruments; loss on early extinguishment of debt; adjustments to its income tax provision (such as valuation allowance adjustments and settlements of income tax claims); items related to corporate and facility restructurings; and certain other items the Company believes to be not indicative of its ongoing operations. These items cannot be reasonably predicted and will depend on several factors, including industry and market conditions, and could be material to the Company's results computed in accordance with GAAP.

However, the following reasonably estimable GAAP measures for 2022 would be included in a reconciliation for Adjusted EBITDA if the other reconciling GAAP measures could be reasonably predicted:

- Interest expense and amortization of debt discounts and fees - estimate of \$160 million to \$170 million
- Amortization of debt-related items - approximately \$10 million

The Q4 Earnings Form 8-K and, when filed, the 2021 Form 10-K can be found on the Company's website at <http://investor.encompasshealth.com> and the SEC's website at www.sec.gov.

sensitive information or inability to provide patient care because of system unavailability as well as unforeseen issues, if any, related to integration of acquired systems; the ability to successfully integrate acquired operations, including realization of anticipated tax benefits, revenues, and cost savings, minimizing the negative impact on margins arising from the changes in staffing and other operating practices, and avoidance of unforeseen exposure to liabilities; Encompass Health's ability to successfully complete and integrate de novo developments, acquisitions, investments, and joint ventures consistent with its growth strategy; increases in Medicare audit activity, including increased use of sampling and extrapolation, resulting in additional unpaid reimbursement claims and an increase in the backlog of appealed claims denials; changes, delays in (including in connection with resolution of Medicare payment reviews or appeals), or suspension of reimbursement for Encompass Health's services by governmental or private payors; changes in the regulation of the healthcare industry at either or both of the federal and state levels, including as part of national healthcare reform and deficit reduction (such as the Patient-Driven Groupings Model for home health) and Encompass Health's ability to adapt operations to those changes; competitive pressures in the healthcare industry and Encompass Health's response thereto; Encompass Health's ability to obtain and retain favorable arrangements with third-party payors; Encompass Health's ability to control costs, particularly labor and employee benefit costs, including group medical expenses; adverse effects resulting from coverage determinations made by Medicare Administrative Contractors regarding its Medicare reimbursement claims and lengthening delays in Encompass Health's ability to recover improperly denied claims through the administrative appeals process on a timely basis; Encompass Health's ability to adapt to changes in the healthcare delivery system, including value-based purchasing and involvement in coordinated care initiatives or programs that may arise with its referral sources; Encompass Health's ability to attract and retain nurses, therapists, and other healthcare professionals in a highly competitive environment with often severe staffing shortages, which may be worsened by the pandemic, and the impact on Encompass Health's labor expenses from potential union activity and staffing shortages; general conditions in the economy and capital markets, including any instability or uncertainty related to armed conflict or an act of terrorism, governmental impasse over approval of the United States federal budget, an increase in the debt ceiling, or an international sovereign debt crisis; the increase in the costs of defending and insuring against alleged professional liability claims, including claims associated with patient and employee exposures to COVID-19, and Encompass Health's ability to predict the estimated costs related to such claims; and other factors which may be identified from time to time in Encompass Health's SEC filings and other public announcements, including Encompass Health's Form 10-K for the year ended December 31, 2021, when filed.
